KINDERGARTEN REGISTRATION 2020-2021

Dear Families:

Kindergarten registration for the 2020-2021 school year will be online.

The online registration process allows parents to upload required documentation such as birth certificate and proof of residency. Parents may also mail these documents to the school of registration. Parents must register students by choosing the school in their attendance area. All students need to be registered in their attendance zone. Principals will approve access only if the student is in their attendance area. If you have questions regarding your zone, please contact the principal of that elementary school.
