

FAQs for Parents on Student Coping During the COVID-19 Pandemic

Welcome

In an effort to reach out to parents who have concerns about their children's emotional coping while at home, we are providing a FAQ forum. This forum will help guide you to some of the people and places where you can get more information and/or help for your child.

Please email your questions to parentquestions@wythek12.org

- Questions will be edited and posted in an anonymous manner to ensure the confidentiality of students and parents.
- Responses will not occur in "real time", but every effort will be made to respond daily during the work week.
- This is a school/community Information and Referral service provided by WCPS. No counseling or therapeutic services will be provided or are implied to any individual as part of this service.
- We invite parents to email us with community resources we might not be aware of.

If you or your child have a mental health emergency:

- For children (during business hours) 276-223-3291.
- For adults (during business hours) 276-223-3202.
- Call 911 (adults and children)
- Mt Rogers Emergency / Crisis (24/7) 1-866-589-0265 (adults and children).
