ATTENDANCE EXPECTATIONS

The Wythe County School Board recognizes that regular school attendance is directly related to academic success and to the formulation of desirable work habits in young people. The Code of Virginia Section 22.1-254, mandates that every parent, guardian, or other person in the Commonwealth having control or charge of any child who has reached his/her first birthday on or before September 30 of any school year and who has not passed the eighteenth birthday shall, during the period of each school year the public schools are in session and for the same number of days and hours per day as the public schools, send such child to a public or to a private, denominational or parochial school or have such child taught by a tutor or a qualified teacher prescribed by the Board of Education and approved by the division Superintendent or provide for home instruction of such child as described in Virginia Code section 22.1-254.1.

Students are expected to attend school except in cases of personal illness, family emergency, or death in the immediate family. Any student absent for any part of the school day will not be allowed to participate in co-curricular or extra-curricular activities that day without permission of the school administration.

Failure to make up missed work will likely result in a failing grade. It is the responsibility of students and parents to make arrangements with the teachers to make up work upon reentry to school. Work must be

completed within a time frame equal to the number of days missed. If a student is absent on the day of an announced test, he/she is expected to make up the test on the day he/she returns to school.

ANNUAL NOTIFICATIONS TO STUDENT/PARENTS COMPULSORY SCHOOL ATTENDANCE LAW

§22.1-254 Ages of children required to attend

Every parent, guardian, or other person in the Commonwealth having control or charge of any child who will have reached the fifth birthday on or before September 30 of any school year and who has not passed the eighteenth birthday shall, during the period of each year the public schools are in session and for the same number of days and hours per day as the public schools, send such child to a public school or to a private, denominational, or parochial school or have such child taught by a tutor or teacher of qualifications prescribed by the Board of Education and approved by the division superintendent or provide for home instruction of such child as described in §22.1-254.1.

As prescribed in the regulation of the Board of Education, the requirements of this section may also be satisfied by sending a child to an alternative program of study or work/study offered by a public, private, denominational, or parochial school or by a public or private degree-granting institution of higher education. Further, in the case of any five-year-old child who is subject to the provisions of this subsection, the requirements of this section may be alternatively satisfied by sending the child to any public educational pre-kindergarten program, including a Head Start Program, or in a private, denominational, or parochial school educational pre-kindergarten program.

Instruction in the home of a child or children by the parent, guardian, or other person having control or charge of such child or children shall not be classified or defined as a private, denominational, or parochial school.

The requirements of this section shall not apply to any child who obtained a high school diploma, its equivalent, or a certification of completion, or has otherwise complied with compulsory school attendance requirements as set forth in this article.

The requirements of this section shall apply to any child in the custody of the Department of Juvenile Justice or the Department of Corrections who has not passed his/her eighteenth birthday, and any child whom the division superintendent has required to take a special program of prevention, intervention, or remediation as provided in §22.1-253.13:1 and §22.1-254.01.

Within one calendar month of the opening of school, each school board shall send to the parent/guardian of each student enrolled in the division a copy of the compulsory school attendance law and the enforcement procedures and policies established by the School Board. Each parent/guardian shall submit to the school board a statement, provided with the materials, acknowledging receipt of these materials.

The School Board may allow the compulsory attendance requirements to be met pursuant to an individual student alternative education plan (ISAEP) developed in conformity with guidelines prescribed by the Board of Education under the following conditions: (JEG)

The student must be at least sixteen years of age.

There shall be a meeting of the student, the student's parent(s), and the principal or designee to develop the plan, which must include the following:

Career guidance counseling;

Mandatory enrollment and attendance in general educational development preparatory program or other alternative education program approved by the local school board, with attendance reported to the principal or his designee;

Counseling on the economic impact of failing to complete high school; and

Procedures for re-enrollment.

A student for whom such an individual student alternative education plan

has been granted but who fails to comply with the conditions of the plan shall be deemed in violation of the compulsory attendance laws, and the superintendent or attendance officer shall seek immediate compliance with such laws.

ATTENDANCE REQUIREMENTS

There is a strong positive correlation between attendance and academic progress. Therefore, students are to be in attendance unless an emergency situation arises. Parents are responsible for contacting their child's school as soon as possible any morning that their child(ren) will be absent.

Wythe County Public Schools will accept eight (8) days of absences from school, per school year, as excused (verified) with a parent's note. Absences beyond the eight (8) accepted parent notes, will be unexcused (unverified), and subject to truancy regulations except in the following circumstances:

Serious illness or death in the immediate family (sibling, parent, grandparent);

Observation of religious holy days;

Student's court or probation appointment;

Parent departure or return to active military duty;

School based activity;

College or university visit (1 per junior and 2 per senior year with appropriate verification);

Natural disaster;

Extended documented medical condition;

Extenuating circumstances recognized by the principal.

•

Five (5) Absences

If a student accrues five (5) absences in which there is no indication that the student's parent is aware of and supports the absence (unverified), the principal/designee shall make a reasonable effort to ensure that direct contact is made with the parent, either in person (attendance meeting) or through a telephone conversation, to obtain an explanation for the student's absence and to explain to the parent the consequences of continued nonattendance. The school's attendance officer, the student, and the student's parent shall jointly develop a plan to resolve the student's nonattendance. Such plan shall include documentation of the reasons for the student's nonattendance

Six (6) Absences

If the student is absent an additional day (6th unverified absence) after direct contact with the student's parent and the school attendance office has received no indication that the student's parent is aware of and supports the student's absence, the attendance office shall schedule a conference within ten (10) school days, which must take place no later than the fifteenth (15) school day after the sixth (6) absence. At this conference (Wythe County Truancy Team Meeting), the student, his/her parent, and school personnel, shall meet to resolve issues related to the student's nonattendance. Other community service providers may also be included in the conference.

Seven (7) Absences

Upon the occasion of the 7th unverified absence, the principal will refer the student and his/her parent(s) or guardian(s) to the division attendance office to evaluate appropriate legal action. According to the Code of Virginia, in cases where noncompliance continues without apparent extenuating circumstances, appropriate legal action will be initiated by either or both of the following: (1) file a complaint with the Juvenile and Domestic Relations Court alleging the child is a child in need of supervision as defined in §16.1-228 or (2) instituting proceedings against the parent pursuant to §18.2-371 or §22.1-262. In file a complaint against the student, the attendance office shall provide written documentation of the efforts already undertaken to resolve the student's absence. If the student's parents have joint physical custody of the student and the school has notice of the custody arrangement, then both parents shall be notified at the last known addresses.

Ten (10) Absences

Students with ten (10) full day absences will have their attendance record reviewed by the principal/designee. In addition, students with any combination of checkouts, tardies, and full day absences which total ten (10) or more will have their attendance record reviewed by the principal/designee. If the attendance record review indicates a pattern of truancy, the parents or guardians will be notified either by telephone or in writing by school personnel and will be provided the opportunity to discuss attendance concerns. A plan to resolve attendance issues will be developed. Failure to comply with the plan will result in a referral to the Wythe County Truancy Team and/or a referral to the Juvenile and Domestic Relations Court.

Parental Cooperation in Remediating Excessive Absences

It is expected that parents will cooperate with the division attendance office and other school office to remedy the student's attendance problem. If direct contact with a parent cannot be made, despite reasonable efforts, or where parents otherwise fail to cooperate in remedying the student's attendance problem, the Superintendent or the Superintendent's designee may seek immediate compliance with the compulsory school attendance laws. The division attendance office, with the knowledge and approval of the Superintendent, shall institute proceedings against any parent who fails to comply with the requirements of the compulsory attendance laws. Where the complaint arises out of the parent's failure to comply with the requirements of §22.1-258, the division attendance office shall document the school division's compliance with this Code section. Nothing in this policy shall be construed to limit in any way the authority of any attendance office or the division superintendent to seek immediate compliance with the compulsory school attendance laws.

STUDENT CONDUCT (JFC)

The Standards of Student Conduct are designed to define the basic rules and major expectations of students in the public schools of Wythe County. It is the responsibility of the Wythe County School Board to adopt policy and regulations and the administration to issue regulations establishing rules of conduct for student behavior in order to protect the health, safety and welfare of its students. The local school principal has the responsibility and authority to exercise reasonable judgment in enforcing this Code of Conduct. Principals are responsible for ensuring that all students, staff members, and parents are provided the opportunity to become familiar with this policy.

The superintendent shall issue Standards of Student Conduct, and a list of possible corrective actions for violation of the Standards of Conduct. Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the standards of student conduct and compulsory school attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property, and supportive of individual rights. The Standards of Student Conduct, a notice of the requirements of Va. Code § 22.1-279.3, and a copy of the compulsory school attendance law shall be sent to all parents within one calendar month of the opening of schools simultaneously with any other materials customarily distributed at that time. A statement for the parent's signature acknowledging the receipt of the Standards of Student Conduct, the requirements of Va. Code § 22.1-279.3, and the compulsory school attendance law shall also be sent. Parents shall be notified that by signing the statement of receipt, parents are not deemed to waive, but expressly reserve, their rights protected by the constitution or laws of the United States or Virginia. Each school shall maintain records of the signed statements.

The school principal may request the student's parent or parents, if both have legal and physical custody, to meet with the principal or designee to review the School Board's Standards of Student Conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, to ensure the student's compliance with compulsory school attendance law, and to discuss improvement of the child's behavior, school attendance, and educational progress. The administrator of the building should exercise reasonable judgment and consider the circumstances in determining the disciplinary action to be administered.

Each student has the right to expect an educational environment in which he or she can strive to achieve his or her intellectual potential. The student is expected to attend school regularly, be diligent in his/her studies and conduct him/herself in such a way that the rights and privileges of others are not violated. The student is expected to accept and demonstrate the obligation of good citizenship to help prevent problems from happening and help solve problems if they occur.

All parents are expected to assume responsibility for the student's behavior and assist the school in enforcing the Standards of Student Conduct and compulsory school attendance. Parents are also expected to maintain regular communication with school authorities, monitor and require daily attendance, and bring to the attention of the school authorities any problem that affects the student or other children in the school. It is the parents' responsibility to notify the school of any unusual behavior pattern or medical problem that might lead to serious difficulties.

The school principal may notify the parents of any student who violates a School Board policy or the compulsory school attendance requirements when such violation could result in the student's suspension or the filing of a court petition, whether or not the school administration has imposed such disciplinary action or file such a petition. The notice shall state (1) the date and particulars of the violation; (2) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compliance with compulsory school attendance; (3) that, if the student is suspended, the parent may be required to accompany the student to meet with school office and (4) that a petition with the juvenile and domestic relations court may be filed under certain circumstances to declare the student a child in need of supervision.

The principal or designee shall notify the parent of any student involved in an incident required to be reported to the superintendent and Virginia Board of Education.

No suspended student shall be admitted to the regular school program until such student and his parent have met with school office to discuss improvement of the student's behavior, unless the school principal or his designee determines that readmission, without parent conference, is appropriate for the student.

If a parent fails to comply with the requirements of this policy, the School Board may ask the Juvenile and Domestic Relations Court to proceed against the parent in accordance with the requirements of the Code of Virginia.

other evidence of illegal or otherwise prohibited activities are contained inside the automobile. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant.

Computer Searches

School computers, software, and Internet access are school property. Students are only authorized to use school computers and other similar educational technology consistent with the educational mission of the school. School officials may search school computers, software, and internet access records at any time for any reason and without student consent.

In addition, health care is provided to students who have chronic health care problems. This care is administered by a school nurse who is a Virginia licensed health care provider. Presently, there is a school nurse in every school in the county for at least a portion of the school day.

SCREENING PROCESS FOR WYTHE COUNTY PUBLIC SCHOOLS

The existing Board of Education Regulations, effective January, 1994 require that:

Scoliosis Information:

Scoliosis is a curvature of the spine. It occurs in otherwise healthy children and can be a serious health problem if it becomes severe. It generally occurs during the growing years, especially during the growth spurt from 10 to 17 years of age. Scoliosis is more frequently noted in females and when there are other affected family members. It is not caused by anything a child or his or her parents did or failed to do, although a minority of cases is associated with other medical conditions. Early detection is essential to help avoid complications that include back pain, fatigue, reduced exercise tolerance, deformity, and in severe cases, problems with heart and lung function.

For more information on scoliosis, please visit the WCPS website on the Health Services tab. The need for treatment is best determined by a trained medical professional. If you suspect your child may be affected, contact your physician or school nurse. The school nurse provides screening for individual referrals from parents, teachers, or other school staff members.

ELEMENTARY AND MIDDLE SCHOOL PROMOTION AND RETENTION

Promotion or retention of each elementary and middle school student shall occur at the close of the school year. This record is to remain a part of each student's record until all financial obligations have been satisfied. A student may not participate in the graduation ceremony of his/her school until he/she has met all of his/her financial obligations to the Wythe County Public Schools.

It is the responsibility of parents to pay for student meals either in advance or at the time the meal is served. Students are not permitted to charge a meal in the school cafeteria.

Failure to have these funds will result in a referral to the appropriate authorities.

The statement will be maintained as part of the student's education records as long as the contested portion is maintained and disclosed whenever the school division discloses the portion of the record to which the statement relates.

LAWS GOVERNING PROSECUTION OF JUVENILES AS ADULTS

The following information in question and answer format provides the notice required by this section of the Code.

Who is a juvenile? Section 16.1-228 of the Code of Virginia defines a juvenile as “a person less than 18 years of age.” Section 16.1-269.1 of the Code permits juveniles, 14 years of age or older at the time of an alleged offense, to be prosecuted as adults for specific crimes under certain circumstances. This process is called a transfer to the appropriate circuit court for trial as an adult.

How is the age of the juvenile calculated? Section 16.1-241 of the Code of Virginia provides that for the purpose of transferring a juvenile to circuit court for trial as an adult, the child must have been age 14 or older at the time of the offense.

Under what circumstances does the law permit the transfer of juveniles for trial as adults?

The Code of Virginia permits the transfer of juveniles for trial as adults under three specific circumstances. Following is a description of each circumstance and the procedure that is followed in order to determine whether the student is transferred to circuit court.

Circumstance #1

A transfer can occur when a juvenile, who is age 14 or older at the time of the offense, is charged with a crime which would be a felony if committed by an adult (§ 16.1-269.1 A. of the Code of Virginia). Offenses are either felonies or misdemeanors. Those offenses that are punishable by confinement in a state correctional facility or death are felonies; all other offenses are misdemeanors. Felonies are classified for the purposes of punishment and sentencing into six classes. Class 1 felony – death if the person convicted was 18 years of age or older at the time of the offense and is not determined to be mentally retarded and a fine of not more than \$100,000. If the person was under 18 years of age at the time of the offense or is determined to be mentally retarded, the punishment shall be imprisonment for life or imprisonment for life and a fine of not more than \$100,000.

Class 2 felony – imprisonment for life or for any term not less than twenty years or imprisonment for life or for any term not less than twenty years and a fine of not more than \$100,000.

Class 3 felony – a term of imprisonment of not less than five years nor more than twenty years or a term of imprisonment of not less than five years nor more than twenty years and a fine of not more than \$100,000.

Class 4 felony – a term of imprisonment of not less than two years nor more than ten years or a term of imprisonment of not less than two years nor more than ten years and a fine of not more than \$100,000.

Class 5 felony – a term of imprisonment of not less than one year nor more than ten years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than twelve months and a fine of not more than \$2,500, either or both.

Class 6 felony – a term of imprisonment of not less than one year nor more than five years, or in the discretion of the jury or the court trying the case without a jury, confinement in jail for not more than twelve months and a fine of not more than \$2,500, either or both.

(§§ 18.2-9 and 18.2-10 of the Code of Virginia)

In this circumstance, the Commonwealth's Attorney's office makes a formal request to the judge of the juvenile court for the juvenile to be transferred to the circuit

court. The juvenile court holds a transfer hearing and may retain jurisdiction or transfer the juvenile to the appropriate circuit court for criminal proceedings. Any transfer to the circuit court is subject to the following conditions: (1) notice; (2) probable cause to believe that the juvenile committed the alleged delinquent act or a lesser included delinquent act; (3) the juvenile is competent to stand trial; and, (4) the juvenile is not a proper person to remain within the jurisdiction of the juvenile court.

The decision regarding whether the juvenile is not a proper person to remain within the jurisdiction of the juvenile court is based upon, but not limited to, the following factors:

The juvenile's age;

The seriousness and number of alleged offenses;

Whether the juvenile can be retained in the juvenile justice system long enough for effective treatment and rehabilitation;

The appropriateness and availability of the services and dispositional alternatives in both the criminal justice and juvenile justice systems needed by the juvenile;

The record and previous history of the juvenile in the jurisdiction where the alleged crime occurred or in other jurisdictions;

Whether the juvenile has escaped from a juvenile correctional entity in the past; The extent, if any, of the juvenile's degree of mental retardation or mental illness; The juvenile's school record and education;

The juvenile's mental and emotional maturity; The juvenile's physical condition and maturity.

Circumstance #2

A transfer can occur when a juvenile 14 years of age or older is charged with an offense which would be a felony if committed by an adult. (§ 16.1-269.1 C of the Code of Virginia)

In this circumstance, the transfer is requested at the discretion of the Commonwealth's Attorney. If the Commonwealth's Attorney wishes to transfer the juvenile for trial as an adult, the juvenile court holds a preliminary hearing to determine whether there is probable cause to believe the juvenile committed the

alleged delinquent act. Upon a finding of probable cause, the juvenile is transferred for prosecution as an adult. (§16.1-269.1 C of the Code of Virginia)

Circumstance #3

A transfer occurs when a juvenile 14 years of age or older at the time of the alleged offense is charged with capital murder, first or second degree murder, lynching or aggravated malicious wounding. (§ 16.1-269.1 B of the Code of Virginia)

A transfer under this circumstance is automatic. Whenever a juvenile 14 years of age or older is charged with capital murder, first or second degree murder, lynching or aggravated malicious wounding, he or she must be tried as an adult. The juvenile court holds a preliminary hearing to determine whether there is probable cause to believe the juvenile committed the alleged delinquent act. Upon a finding of probable cause, the juvenile is transferred for prosecution as an adult. (§ 16.1-269.1 B of the Code of Virginia)

If a juvenile is transferred for prosecution as an adult on one offense, what happens if he or she has also been charged with other offenses? If any one charge is transferred, all other charges of delinquency arising out of the same act will be transferred. (§ 16.1-269.6 of the Code of Virginia)

Does the transfer impact subsequent alleged criminal offenses? Yes. Once a juvenile is convicted of a crime as an adult in circuit court, all subsequent alleged criminal offenses of whatever nature, will be treated as adult offenses and no transfer hearing will be required. (§ 16.1-269.6 of the Code of Virginia)

What happens when an adult is sentenced for a crime he or she committed as a juvenile? When the juvenile court sentences an adult who has committed, before attaining the age of 18, an offense which would be a crime if committed by an adult, the court may impose a penalty up to a maximum of 12 months in jail and/or a fine up to \$2,500. (§ 16.1-284 of the Code of Virginia)

What can happen if a juvenile is tried as an adult? There are significant differences between a juvenile being tried as a juvenile and a juvenile being tried in the circuit court as an adult. In the juvenile system, a juvenile is given added protections because of his or her youth. First, records pertaining to the charge and adjudication of delinquency are confidential and may not be available to the public unless the crime was a felony. Second, if the adjudication is for a misdemeanor, the juvenile court record is expunged when the juvenile reaches the age of majority and is considered an adult. Third, a juvenile who is adjudicated delinquent remains in the juvenile system where a judge has discretion in the determination of the punishment or consequences to be imposed. In the juvenile system, the emphasis is on treatment and education.

In contrast, if a juvenile is prosecuted as an adult the issues and information related to the charge and the conviction of a crime are part of the public record. Because the information becomes an adult criminal record, it is not expunged when the juvenile reaches the age of 18. Additionally, the judge does not have the same

discretion in sentencing. The judge in circuit court must impose at least the mandatory minimum sentence that is prescribed in sentencing guidelines. The circuit court does have the discretionary power to commit the juvenile to the juvenile system even if prosecuted as an adult.

PARENTAL RESPONSIBILITY

Parental responsibility and involvement requirements:

Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the standards of student conduct and attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property, and is supportive of individual rights.

The School Board shall provide opportunities for parental and community involvement in every school in the School Division.

Within one calendar month of the opening of school, the School Board shall,

simultaneously with any other materials customarily distributed at that time, send to the parents of each enrolled student a notice of the requirements of the sections and a copy of the School Board's Standards of Student Conduct. These materials shall include a notice to the parents that by signing the statement of receipt, parents shall not be deemed to waive, but to expressly reserve, their rights protected by the constitutions or laws of the United States or the Commonwealth and that a parent shall have the right to express disagreement with a school's or School Division's policies or decisions. Each parent of a student shall sign and return to the school in which the student is enrolled a statement acknowledging the receipt of the School Board's Standards of Student Conduct and the notice of the requirements of this section. Each school shall maintain records of such signed statements.

The school principal may request the student's parent(s) to meet with the principal or his/her designee to review the School Board's Standards of Student Conduct and the parent's responsibility to participate with the school in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress.

In accordance with §22.1-277 and the guidelines required by §22.1-278, the school principal may notify the parent(s) of any student who violates a School Board policy when such violation could result in the student's suspension, whether or not the school administration has imposed such disciplinary action. The notice shall state the date and particulars of the violation, the obligation of the parent(s) to take actions to assist the school in improving the student's behavior, and that, if the student is suspended, the parent(s) may be required to accompany the student to meet with school officials.

No suspended student shall be admitted to the regular school program until such student and his parent(s) have met with school officials to discuss improvement of the student's behavior, unless the school principal or his/her designee determines that readmission, without parent conference, is appropriate for the student.

Upon the failure of a parent to comply with the provisions of this section, the School Board may, by petition to the juvenile and domestic relations court, proceed against such parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior, as follows:

If the court finds that the parent has willfully and unreasonably failed to meet, pursuant to a request of the principal as set forth in subsection D of this section, to review the School Board's Standards of Student Conduct and the parent's responsibility to assist in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress, it may order the parent to so meet.

If the court finds that the parent has willfully and unreasonably failed to accompany a suspended student to meet with school officials pursuant to subsection F, or upon the student's receiving a second suspension or being expelled, it may order the student or his parent to participate in such programs or such treatment as the court deems appropriate to improve the student's behavior or the student or his parent to be subject to such conditions and limitations as the court deems appropriate for the supervision, care, and rehabilitation of the student or his parent. In addition, the court may order the parent to pay a civil penalty not to exceed \$500.00.

The civil penalties established pursuant to this section shall be enforceable in the juvenile and domestic relations court in which the student's school is located and shall be paid into a fund maintained by the appropriate local governing body to support programs or treatments designed to improve the behavior of students as described in subdivision 2 of subsection G. Upon failure to pay the civil penalties imposed by this section, the attorney for the appropriate county, city, or town shall enforce the collection of such civil penalties.

All references in this section to the juvenile and domestic relations court shall also be deemed to mean any successor in interest of such court.

NOTICE TO PARENTS AND STUDENTS REGARDING GRADUATION

Students who fail to graduate or achieve the number of verified units of credit required for graduation and who have not reached 20 years of age on or before August 1st of the school year have the right to a free public education. Instructional Materials and Surveys

Participation in Surveys and Evaluations.

No student shall be required, as part of any federally funded program, to submit to a survey, analysis, or evaluation that reveals information concerning:

political affiliations or beliefs of the student or the student's parent,

mental or psychological problems of the student or the student's family,

sex behavior or attitudes,

Surveys Requesting Sexual Information.

In any case in which a questionnaire or survey requesting sexual information of students is to be administered, the school board shall notify the parent concerning the administration of such questionnaire or survey in writing at least 30 days prior to its administration. The notice will inform the parent of the nature and types of questions included in the questionnaire or survey, the purposes and age-appropriateness of the survey, and whether and how any findings or results will be disclosed. Parents shall have the right to review the questionnaire or survey and to exempt their child from participating in the survey. Additional Protections.

A parent or emancipated student may, upon request, inspect any instructional material used as part of the educational curriculum of the student and any survey created by a third party before the survey is administered or distributed to a student. Any inspection shall be in accordance with Policy KBA. In addition, in the event of the administration or distribution of a survey containing one or more of the subjects listed in subsection I.B. above, the privacy of students to whom the survey is administered will be protected by local implementation policy.

Physical Examinations and Screenings.

If the Wythe County School Division administers any physical examinations or screenings other than those required by Virginia law, and surveys administered to a student in accordance with the Individuals with Disabilities Education Act, policies regarding those examinations or screenings will be developed and adopted in consultation with parents.

Commercial Use of Information.

Questionnaires and surveys shall not be administered to public school students during the regular school day or at school-sponsored events without written, informed parental consent when participation in such questionnaire or survey may subsequently result in the sale for commercial purposes of personal information regarding the individual student.

This subsection does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions, such as the following:

college or other postsecondary education recruitment, or military recruitment;

book clubs, magazines, and programs providing access to low-cost literary products;

curriculum and instructional materials used by elementary schools and secondary schools;

tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments;

the sale by students of products or services to raise funds for school-related or education-related activities; and

student recognition programs.

Notification of Policies.

The Board shall provide notice of this policy directly to parents of students annually at the beginning of the school year and within a reasonable period of time after any substantive change in the policy. The Board will also offer an opportunity for the parent (or emancipated student) to opt the student out of participation in

activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose);

the administration of any survey containing one or more items listed in subsection

I.B. above; or

any non-emergency, invasive physical examination or screening that is

required as a condition of attendance;

administered by the school and scheduled by the school in advance; and

not necessary to protect the immediate health and safety of the student, or of other students.

V. Notification of Specific Events.

The Board will directly notify the parent of a student, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled, or expected to be scheduled:

activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose);

the administration of any survey containing one or more items listed in subsection I.B. above;

any non-emergency, invasive physical examination or screening that is required as a condition of attendance;

administered by the school and scheduled by the school in advance; and

not necessary to protect the immediate health and safety of the student, or of other students.

NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

The right to inspect and review the student’s education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal or the Executive Director of Educational Services a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the School principal or the Executive Director of Educational Services, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the Division decides not to amend the record as requested by the parent or eligible student, the Division will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The right to provide written consent before the school discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school official with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school

would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official

has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the Division discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Division to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office

U.S. Department of Education 400 Maryland Avenue, SW

Washington, DC 20202

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student —

To other school officials including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a) (1))

To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))

To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency in the parent or eligible student's State (SEA). Disclosures under this provision may be made, subject to the requirements of

§99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)

In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))

To State and local officials or authorities to whom information is specific allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to §99.38. (§99.31(a)(5))

To organizations conducting studies for, or on behalf of, the school, in order to:

develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))

To accrediting organizations to carry out their accrediting functions. (§99.31(a) (7))

To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))

To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))

To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))

To an agency caseworker or other representative of a state or local child welfare agency, or tribal organization to have access to the student's educational records without having to obtain parental consent or a court order. This exception applies

to children for whom the public child welfare agency has legal responsibility for their care and protection, specify those children in the legal custody of the agency who are placed in out-of-home care. This would include children placed under a voluntary placement agreement and shared case responsibility youth who have been adjudicated dependent. Specifically, those who have the right to access the child's case plan, includes the following:

the child's caseworker from the public children and youth agency;

the child's caseworker from a private children and youth agency with whom the public agency contracts; and

the supervisors or managers of such agencies.

In order to obtain a student's records, proof of this relationship with the child must be provided. This proof can be in the form of a court order or written notification on agency letterhead indicating that the agency has legal custody or is otherwise legally responsible for the care and protection of the child. This exception does not usurp the right of a student's parent to make all other decisions regarding the release of the child's education records, nor does it place the child welfare agency in the role of parent or educational decision maker. Additionally, in cases where a parent is a party to a proceeding involving child abuse or neglect, or a dependency matter, and a court order is issued authorizing the disclosure of education records, additional notice need not be provided to the parent by the educational agency before educational records are released. (Added to reflect Uninterrupted Scholars Act, P.L. 112-278, January 14, 2013).

Information the school has designated as "directory information" under §99.37. (§99.31(a)(11))

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Wythe County Public Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. For example, no school shall disclose the address,

telephone number, or email address of a student pursuant to 34 C.F.R. § 99.31(a)(11), § [22.1-287.1](#), or the Virginia Freedom of Information Act (§ 2.2-3700 et seq.) unless the parent or eligible student has affirmatively consented in writing to such disclosure. However, Wythe County Public Schools may disclose appropriately designated “directory information” without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Wythe County Public Schools to include this type of information from your child’s education records in certain school publications. Examples include:

A playbill, showing your student’s role in a drama production;

The annual yearbook;

Honor roll or other recognition lists;

Graduation programs; and

Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent. Please obtain the “Parental Refusal of Permission Regarding Military Recruiters” opt-out form from your child’s school in the main office.

If you do not want Wythe County Public Schools to disclose directory information from your child’s education records without your prior written consent, you must notify the District in writing within 15 days of the beginning of each school year or the student’s enrollment date. Wythe County Public Schools has designated the following information as directory information:

student’s name

participation in officially recognized activities and sports

weight and height of members of athletic teams

photograph

degrees (excludes specific diploma type if student earns the following: Modified Standard Diploma, IEP Diploma and/or Certificate of Attendance)

honors, and awards received

dates of attendance

grade level

live or recorded audio/video of school related activities

If you do not want the school to release “Directory Information” about your child, please complete and sign the Parental Opt-out Form for the Release of Directory Information located in the main office at your child’s school. Please return this form to your son’s/daughter’s principal within fifteen (15) days of the receipt of this student handbook.

***Please note that this opt-out transfers from parents of any student who is 18 years old or an emancipated minor under state law.**

These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas (“protected information surveys”):

Political affiliation or beliefs of the student or student’s parent;

Mental or psychological problems of the student or student’s family;

Sex behavior or attitudes;

Illegal, anti-social, self-incriminating, or demeaning behavior

Critical appraisals of others with whom respondents have close family relationships

Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;

Income, other than as required by law to determine program eligibility.

This requirement also applies to the collection, disclosure or use of student information for marketing purposes (“marketing surveys”), and certain physical exams and screenings.

The Wythe County Public Schools will provide parents, within a reasonable period of time prior to the administration of the surveys and activities, notification of the surveys and activities and be provided an opportunity to opt their child out, or obtain consent where mandated, as well as an opportunity to review the surveys. (Please note that this notice and consent/opt-out transfers from parents to any student who is 18 years old or an emancipated minor under State law.)

At this time, there are no surveys or activities planned by the Wythe County Public Schools that would require receiving parental permission or an “opt out” this school year.

The alleged harassment should be reported as soon as possible, and the report generally should be made within

fifteen (15) school days of the occurrence. Further, any student who has knowledge of conduct which may constitute prohibited harassment should report such conduct to one of the Compliance Officer designated in this policy or to any school personnel. Any school personnel who has notice that a student or other school

The complaint should be filed with either the building principal or one of the Compliance Officer designated in this policy. The principal shall immediately forward any report of alleged prohibited harassment to the Compliance Officer. Any complaint that involves the Compliance Officer or principal shall be reported to the superintendent.

The complaint, and identity of the complainant and alleged harasser, will be disclosed only to the extent necessary to fully investigate the complaint and only when such disclosure is required or permitted by law. Additionally, a complainant who wishes to remain anonymous shall be advised that such confidentiality may limit the School Division's ability to fully respond to the complaint.

Investigation

Upon receipt of a report of alleged prohibited harassment, the Compliance Officer shall immediately authorize or undertake an investigation. The investigation may be conducted by school personnel or a third party designated by the school division. The investigation shall be completed as soon as practicable, which generally should be not later than 14 school days after receipt of the report by the Compliance Officer. Upon receiving the complaint, the Compliance Officer shall acknowledge receipt of the complaint by giving written notice that the complaint has been received to both the person complaining of harassment and the person accused of harassment. Also upon receiving the complaint, the Compliance Officer shall determine whether interim measures should be taken pending the outcome of the investigation. Such interim measures may include, but are not limited to, separating the alleged harasser and the complainant and, in cases involving potential criminal conduct, determining whether law enforcement officer should be notified. If the Compliance Officer determines that more than 14 school days will be required to investigate the complaint, the complainant and the accused shall be notified of the reason for the extended investigation and of the date by which the investigation will be concluded. If the alleged harassment may also constitute child abuse, then it must be reported to the Department of Social Service in accordance with Policy JHG, Child Abuse and Neglect Reporting.

The investigation may consist of personal interviews with the complainant, the alleged harasser, and any others who may have knowledge of the alleged harassment or the circumstances giving rise to the complaint. The investigation will consider witnesses and evidence from both the alleged harasser and the person allegedly harassed. The investigation may also consist of the inspection of any other documents or information deemed relevant by the investigator. The school division shall take necessary steps to protect the complainant and others pending the completion of the investigation.

In determining whether alleged conduct constitutes a violation of this policy, the division shall consider, at a minimum: (1) the surrounding circumstances; (2) the nature of the behavior; (3) past incidents or past or continuing patterns of behavior;

(4) the relationship between the parties; (5) how often the conduct occurred; (6) the identity of the alleged perpetrator in relation to the alleged victim (i.e. whether the alleged perpetrator was in a position of power over the alleged victim); (7) the location of the alleged harassment; (8) the ages of the parties and (9) the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a case by case determination based on all of the facts and circumstances revealed after a complete and thorough investigation.

The Compliance Officer shall issue a written report to the superintendent upon completion of the investigation. If the complaint involves the superintendent, then the report shall be sent to the School Board. The report shall include a determination of whether the allegations are substantiated, whether this policy was violated and recommendations for corrective action, if any.

All employees shall cooperate with any investigation of alleged harassment conducted under this policy or by an appropriate state or federal agency.

Action by Superintendent

Within 5 school days of receiving the Compliance Officer's report, the superintendent or designee shall issue a decision regarding whether this policy was violated. This decision must be provided in writing to the complainant and the alleged perpetrator. If the Superintendent or designee determines that it is more likely than not that prohibited harassment occurred, the Wythe County School Division shall take prompt, appropriate action to address and remedy the violation as well as prevent any recurrence. Such action may include discipline up to and including expulsion or discharge. Whether or not the Superintendent or designee determines that prohibited harassment occurred, the Superintendent or designee may determine that school-wide or division-wide training be conducted or that the complainant receives counseling.

Appeal

If the superintendent or designee determines that no prohibited harassment occurred, the employee or student who was allegedly subjected to harassment may appeal this finding to the School Board within 5 school days of receiving the decision. Notice of appeal must be filed with the superintendent who shall forward the record to the

School Board. The School Board shall make a decision within 30 calendar days of receiving the record. The School Board may ask for oral or written argument from the aggrieved party, the superintendent and any other individual the School Board deems relevant. Written notice of the School Board's decision will be given to both the alleged harasser and the person allegedly harassed.
